

Oasis Academy Putney Reception Class Weekly Newsletter

18.10.21 – 20.10.21

Important Information/ Reminders

- **Reception PE lessons:** From Autumn 2 we will be doing a PE lesson with the Reception children every Thursday. Please make sure to pack in their PE kit.
- **Show & Tell:** We will also be starting our show and tell next term. Each child will get a chance once a week to bring a special thing to show to their friends and talk about it. They can only bring one thing. They can also bring something they have made (this is always lovely to see). Please see the Show and Tell Rota below.
- **Half term project:** Due date Friday 5th November (See details on attached page)

Communication and Language, Personal, Social and Emotional Development and Physical Development, Literacy, Maths.

I cannot believe we have already come to the end of our first term! How have these 7 weeks flown by so quickly?

The Conker children have done so well this term, learning lots of new sounds and how to form their letters.

Our understanding of numbers up to 3 has improved and we have made lots of connections to numbers in and around our environment.

This term our weekly themes revolved around the topic of us as individuals and next term we will be focusing on the world around us – discovering different traditions, seasons, cultures, and celebrations.

We have become familiar with the daily routine and how to sit on the carpet quietly and walk to the lunch hall in a neat line. Parents, you can be very proud of your child!

The children have done so well in their reading! They are becoming confident in hearing the initial sounds of many words. Next term we will start encouraging them to hear the last sound in some words.

Keep motivating your child to look at books and try sound out some words when on a walk or in the shops.

Create a love for reading at home by simply reading them bedtime stories and playing fun games involving sounds. I spy a sound is a great game!

Home learning:

- Please encourage your child to cut their food with a knife and fork at home. This skill will help them to be more independent eaters when it comes to lunch time at school.
- Here are some YouTube videos that we show the children to help with number formation and the learning of tricky words:
